

My name is Jaynie Dunn; I am the Vice President/Secretary. I have been with the foundation from the time Debbi Fields took over as Executive Director. We have put fundraisers together, stayed up half the night getting handouts ready for medical conferences, putting together information packages, manning the information table at conferences and other functions that the organization takes part in, and so much more. I will continue to be a part of this organization as long as I am needed and can help.
