

**SARAH DUNN**

Hello. My name is Sarah Noelle Dunn. I'm 15 years old, and have been working with the National Hydrocephalus Foundation for about 8 years; I started when I was 6 1/2. At first I was just staff, helping set and clean up when we had activities or had parties, but at the more recent elections I was promoted to the job title of Junior Director. With that new position, I was very familiar with, it meant I had new responsibilities, planning events, sorting papers, and most importantly talking to children and teens with hydrocephalus, also friends and family of children with hydrocephalus. I've been putting a lot of time and effort into this foundation, from setting up (for functions) to going to conferences across the country. I love every minute of what i do. I hope this says it all, thank you.

\*\*You can contact Sarah through the foundation's website, her Facebook account, or contact our office.
